# >> smart fortwo coupé

**Nip into the city, find a parking space with ease and enjoy a stress-free drive home when you're done.**

Experience a new kind of urban mobility in the smart fortwo coupé with maximum comfort, agility, safety and environmental friendliness. The carefully developed design gives the smart fortwo a fresh, more contemporary appearance. Yet it retains its unmistakable character and will always be recognised at first glance for its one-box design, its compact dimensions, and the two-colour and two-material concept.

The wide opening doors of the smart fortwo coupé invite you to climb in. You'll be surprised by the spacious interior - there's more than enough room for your weekly shopping - and this extends even further when the passenger seat is folded forward. It is economical and has extremely low running costs.

The smart fortwo coupé is getting a lot of attention for its small size and style, and now it's earning impressive crash test ratings. Size is brilliant for city traffic and parking, it has a perky engine and plenty of safety equipment.
