HURRY! Only 4000  
tickets available**

Entries close 28 June 2010

With the proud support of Capital Honda, Diabetes ACT is proud to present the Honda Accord Euro valued at \$40,100 in an exclusive raffle of only 4,000 tickets.

Diabetes is a major cause of heart and renal disease, blindness and lower limb amputation in Australia. Diabetes ACT assists thousands of families living with diabetes in the ACT and the surrounding region.

Tickets do sell quickly so seize your opportunity to win this award winning European styled Honda.

# Accord **EURO**

Get close to the next generation Accord Euro. You'll feel it immediately. A wider track... lowered centre of gravity... greater body rigidity... and a powerful 2.4L i-VTEC engine. The Accord Euro delivers true sports performance in a sedan. Experience its precise balance of power, efficiency and agility.

First impressions matter...and the first thing you'll notice about the Accord Euro is its sharp-edged design and how it transforms an everyday commute into an energising drive.

It's a car you can feel good about as it is easy on the environment and your petrol budget. Through innovative engine technology, streamlined aerodynamics and a high percentage of light but very strong materials, the new Accord Euro is more fuel efficient than ever before.

Dynamic performance and styling coupled with generous interior space, the Honda Accord Euro has never looked or felt better.
